

12th VILLAGE BAKERY HALF MARATHON

2007 Wrexham Half Marathon Results Acknowledgements: Please note that M35 runners have been recorded in these results as SM, I will amend the formulae in the spreadsheet to accommodate the M35 age group for future races. Also please note that some runners have been recorded twice & I have marked the 2nd record in red, (marked also with * if printed in B&W) I hope this helps if your name isn't recorded & your finishing time aligns with one of the duplications, or if you think your time is out by a few places the removal of the duplication may realign your time. As I can't verify the reason for the duplication I have left them in.
